

# HR Interview Questions

## 1. Tell me about yourself

Hello, my name is \_\_\_\_\_. I am a Computer Science Engineering student currently in my seventh semester and I have scored a cgpa of \_\_\_\_\_. I'm deeply passionate about technology and love learning new things. I am skilled in \_\_\_\_\_(Your Skills) and built projects like \_\_\_\_\_(mention names of your projects) which really helped me gain proficiency in these technologies. Alongside, I've achieved Xth place in Y event conducted by \_\_\_\_\_(Only tech related events)

## 2. Why should we hire you?

With a strong foundation in Computer Science Engineering and a genuine passion for technology, I'm a great fit for this role. Considering my project experiences, like creating a \_\_\_\_\_(Project list), I've added credibility to what I claim about my skills and adaptability. Proficiency in languages like C, and C++ allows me to contribute effectively. I'm enthusiastic about joining your company and contributing to real world projects while developing my skills. Overall, I'm confident that my technical skills, project experience, and passion for technology make me a strong fit for this role.

## 3. Why do you want to join this company?

I would like to work for this company because it would give me the opportunity to solve problems at scale as a SW engineer and it would be an honor to be a part of this organization. Additionally, the collaborative and dynamic environment your company offers aligns well with my desire to learn and grow alongside talented professionals. I believe that being a part of this organization will provide me with the challenges and opportunities I need to further develop my career in the IT field.

## 4. What are your strengths?

I would like to say that my biggest strength is time management. I was able to manage my passion for fitness, prepare meals, college work and a lot more. Also My patience is an additional strength that allows me to approach challenges methodically and persistently, even in complex situations. I am sure that I will be able to add a lot to the team.

## **5. What are your weaknesses?**

Tell something that you are weak in and something that you are doing to overcome it

## **6. do you see yourself in 5 years?**

Growth and learning is very important for me. So over the next few years, I see myself growing through various roles in this organization. I really want to deepen my leadership skills and technology so that I can make a greater impact. I want to be an expert in this field, so I will use the coming years to deepen my knowledge and contribute better to this organization.

## **7. What are your hobbies?**

I love staying fit and working out and I noticed that you have a gym in the office and that is something that I will definitely make use of apart from my working hours. I honestly love traveling and meeting new people. Also I love reading books on personal finance and investing.

## **8. What will you do if you are not hired?**

I trust that the team will choose the best fit for the company. If I don't get hired, I will wait for the feedback and use it to improve myself for the next opportunity. However, as I have your Job Description and considering my skill set, I believe I am a great fit for the company.

## **9. How do you handle stressful situations?**

For me having a healthy amount of stress is a great motivator because it keeps me on track towards my goals. But to handle it well, I make sure to do a lot of planning to prioritize my task. This helps me tackle the situations one step at a time by prioritizing what is important and doing it first keeps me away from errors.

## **10. How do you describe yourself in 1 word?**

I would describe myself as disciplined. I possess the ability to stay focused and organized, ensuring tasks are completed with precision and in a timely manner.

**11. How do you describe yourself in 3 words?**

I would describe myself as **disciplined, goal-oriented and self-starter.**

I'm disciplined in my efforts, maintaining focus and structure to achieve desired outcomes. My goal-oriented mindset drives me to set and pursue objectives with determination. Being a self-starter empowers me to take initiative, work independently, and contribute effectively to any project or task.
